Spring Clothing On Credit

Personal pride dictates a new Spring suit. Not always, however, is the money convenient. Our method of time payments makes it possible for you to own your suit now and pay for it at regular intervals in the future.

The Government has set a notable example in easy payments on the Liberty Bonds. You will do well to purchase your Spring clothing on this plan.

CONTINUE DUEL ON VERDUN LINE

Four German Planes Brought
Down—Fighting Lively in
Scarpe Valley.

Paris, Thursday, March 7.—The artillery battle on the Verdun front continues, the war office announced to-night. Four German airplanes were brought down on Wednesday. The statement follows:

"The artillery fighting was rather heavy on the right bank of the Meuse north of hill 344 (Verdun front) and at some points in the Woëvre. There was no infantry fighting.
"On March 6, four German airplanes were brought down by our aviators. Our bombardment squadrons dropped 12,000 kilograms (more than thirteen tons) of explosives on railway stations and munition depots in the enemy zone.
"Macedonian front—Heavy artillery fighting occurred in the regions of the Lake Dolan and the Vardar, north of Lumnica and in the Cerna bend. Our raiding parties brought back Bulgarian prisoners."

Enemy Artillery Active.
London, March 8.—"The enemy's artillery was active last night in the neighborhood of Ribecourt and the Scarpe valley," the war office reports. "Considerable artillery activity developed also on both sides in the Ypres sector between the Menin road and Houtholst forest."

Weather Hinders Action.
Rome, Thursday, March 7.—The Italian war office issued the following statement today: "Unfavorable weather has hindered all infantry action and greatly minimized the activity of the artillery. Our batteries fired with some persistence on enemy troops in movement in the Val Brenta and in the region of Col Della Beretta. Reciprocal bursts of fire occurred in Val Lagarina and in the plain south of Lagna Di Piave."

ADOLPH PAVENSTEDT TO CONTINUE AS EXECUTOR

Noted Oglesboro Prisoner Has
Charge of Gustave Amsinck's Estate.

New York, March 8.—Although a prisoner in the internment camp for dangerous enemy aliens at Fort Oglethorpe, Ga., Adolph Pavenstedt, will continue as executor of the estate of Gustave Amsinck, late head of the banking firm of G. Amsinck & Co., of this city. This decision was rendered yesterday by Surrogate Fowler in ruling on an appeal by heirs of Amsinck to transfer the executorship from Pavenstedt to a trust company.

The petitioners said they had received word from the federal custody of enemy alien property that he would not object to the substitution of the trust company as executor, but the surrogate ruled that while Pavenstedt's internment would prevent him from acting, it did not render him incompetent within the meaning of the statute.

Pavenstedt, who once was connected with the Amsinck banking house, was prominently mentioned in the recent trial in Paris of Bolo Pasha, who was convicted of treason and sentenced to death.

CONSTRUCTION OF BARGES UNDER CONSIDERATION

Object to Carry Oil From the Mexican
Fields to Gulf Ports.

Washington, March 8.—Construction of a fleet of barges to carry oil from the Mexican fields to gulf ports is under consideration by the shipping board. So many tank steamers have been taken out of the gulf trade for trans-Atlantic use that substitutes must be found, and it was said today that barges probably would be chosen because of quick construction. Ten months is required to build a tanker.

Recommendations by army engineers that several millions be spent in barges for the Warrior river in Alabama will not be carried out by the shipping board. Provision of such barges is regarded as part of the development of the country's internal transportation system rather than a war measure, for which the shipping appropriation was made.
Refrigerator ships are being planned by the board to permit the exportation of more beef to the American forces. Exports of meat have been confined in large part to pork, which can be sealed or smoked and shipped without special equipment. The food administration has been asked to indicate what amount of beef is expected to be available for export, as a basis for the ship construction needed.

COULD NOT REDUCE SALARIES OF OFFICERS

Baldwin Locomotive Works Meeting En-
livened by Attempt to Do So.

Philadelphia, March 8.—The annual meeting of the Baldwin Locomotive works here today was enlivened by an unsuccessful attempt of John M. Lunt, of Baltimore, to have the salaries of all executive officers of the concern reduced one-half. His vote was the only one in favor of the cut.

The annual report showed that during 1917 the company's production of every kind amounted to \$28,263,865. During the year 2,748 locomotives were built, amounting to \$63,455,574. Other regular work amounted to \$13,835,707, and contracts for ships and other special work aggregated \$20,972,582. Net profits amounted to \$3,305,722.

The report stated that "the locomotive business at the beginning of 1918 continues favorable. The probability that the government will be the chief purchaser presents a new condition, the effects of which cannot be foreseen."

MITCHELL GAINS SUIT AGAINST BALDWIN WORKS

Common Pleas Court in Philadelphia
Awards Broker \$218,750.

Philadelphia, March 8.—A jury in common pleas court here yesterday awarded Howard E. Mitchell a broker, \$218,750 against the Baldwin Locomotive works as compensation for services he alleged he rendered in bringing munition contracts to the corporation from the British government. Mitchell claimed approximately \$7,000,000 commission on \$140,000,000 worth of contracts.

MOVEMENT MADE TO LAY AT REST FALSE SENTIMENT

American Defense Society Shows Pa-
cificists People Stand Back
of War.

New York, March 8.—A movement to lay at rest definitely such sentiment as may have been created by a few pacifists that the people of the

country are not unitedly standing back of the war, has been started by the American Defense society, according to a statement issued here. Distribution of postal cards bearing the five resolutions of the society's anti-peace platform will be begun by members of the society which is represented by three hundred branches embracing every state in the Union and also in Porto Rico and Hawaii. The request will be made that the cards be signed and mailed to President Wilson as evidence that the signers are ready to place themselves on record in their determination to back the war to the end.

STEPS TAKEN TO CHECK PLOTTERS

Authorities to Enlist 1,000 Men as "Navy
Port Guard" for New York
Harbor.

New York, March 8.—Another step to check German plotters at this port was taken yesterday, when the authorities at the New York navy yard started a three-day campaign to enlist 1,000 men between the ages of 18 and 25 for a new organization to be known as the "navy port guard" for the harbor of New York. The recruits will do guard duty on allied and neutral ships supplementing the work being performed along the waterfront by troops and members of the home-defense league.

The new port guards will be able to serve at home for the duration of the war, it was announced, but men of draft age must obtain certificates from their local boards showing that they have not been called for the national army.

STUDENTS GET HALF HOLIDAY FOR GOOD RED CROSS WORK

Every Pupil at East Chattanooga
Grammar School Subscribes
Twenty-five Cents.

Students at the East Chattanooga Grammar school are enjoying a well-earned half holiday this afternoon after reaching a 100 per cent efficiency in the Junior Red Cross drive. Principal S. Houston Profit declares he has never seen the spirit equalled, but is not sure whether it was Red Cross spirit or the promise of the holiday that pushed the subscription across.

The plan was for every student to give 25 cents towards the Red Cross fund, and the promise of a half holiday depended on a 25-cent subscription from every pupil in the school. As classes completed their work the children turned in and helped other classes that were progressing more slowly. "I have never seen such a fine co-operative spirit," declared Prof. Profit. "We haven't any slackers at all."

CAPT. GAHAGAN TO TELL TROOPERS OF FORMER BATTLE

Capt. H. J. Gahagan will talk on the "Battle of Chickamauga" to the men of the Sixth Infantry at Chickamauga tonight. Capt. Gahagan has spoken on several occasions to the soldiers, telling them a graphic tale of the terrible fighting that was once waged over the ground they now use for a camp. He speaks tonight at the Sixth Infantry "Y."

HUNDREDS OF LABOR TROUBLES HANDLED

In First Eleven Months of War
Department of Labor Ad-
justed 539 Cases.

Washington, March 8.—During the first eleven months of the war ending March 6, the department of labor handled 507 industrial controversies affecting directly 1,200,000 workers. Of these 539 were adjusted by the department alone, while 109 were settled by state and local boards of mediation, with the assistance of the labor department. Efforts to settle failed only in 71 cases and these were mostly among small concerns employing less than 100 men.

The department is now handling 74 disputes, only 17 of which are out on strike.

DYING MAN FOUND IN WOODS NEAR OCOEE

(Special to The News.)

Benton, March 8.—T. A. Pince, a stranger in this community, was found in a dying condition in the woods near Ocoee at an early hour this morning. He had two severe wounds on his head and was otherwise battered. He was unconscious when found and is still in that condition. Pince was seen in the company of two men Thursday evening, who have been taken into custody. They gave their names as Carl Hughes and J. E. West. Blood was found on Hughes' clothing. They declare they came from Jacksonville, Ga., but deny any knowledge of Pince or his assault.

EXTORTIONATE PRICE OF CORN TO BE REDUCED

Washington, March 8.—Tentative steps to reduce "the extortionate" differential in the price for corn paid by the consumer and that received by the producer have been taken by the food administration.

Suggestions have been forwarded to grain exchanges and corn handlers throughout the country, with a request for their opinion as to what should be done and it was said today that some action probably would result as soon as a plan could be formulated. Officials refused to indicate whether they had in mind assuring the farmer of more money or the public a lower price.

END THAT SLEEPLESSNESS WITH VIN HEPATICA

The old saying that sleeplessness is due to a guilty conscience is not always true. Most times it is due to the system being all clogged up with poisons—especially this time of year. We stuff ourselves all fall and winter with solid foods, live in overheated rooms, have little or no exercise; our stomach, liver, bowels and kidneys clog up with poisonous matter. That affects our nervous system, and we, therefore, can't sleep.

Miss Valeria Cochran, a professional nurse, of Nashville, Tenn., says that, while she was always skeptical about

proprietary medicines, she was so troubled with sleeplessness that nothing the doctors would give her seemed to do her any good, so she acted on a friend's advice and took Vin Hepatica, which quickly ended her sleeplessness, and made her feel better than she has felt in years.

Come in and get a bottle, on our recommendation.
Jo Anderson,
this city.

In What Proportion Do You Give?

**One Dollar of a Hundred
Five Dollars of a Hundred
Twenty Dollars of a Hundred**

One man stopped making money for himself at 50 years of age and gave all he made after that to the Lord.

Another man was making a success of a flour mill. He built another one of equal size and gave all this one made to the Lord.

Another man gave 10% of his income up to \$2,000.00; 20% to \$3,000; 30% to \$4,000.00; 40% to \$5,000, and 50% above.

Many men give 20% to the Lord.

Thousands of men give a tenth to the Lord.

NO SACRIFICES, NO JOY

Very few have found the joy of giving that give less than a tenth. This is yet in store for them. Those who really sacrifice to give are the ones that get the greatest spiritual blessing from giving. Your ability to sacrifice is in exact proportion to your ability to love, and love brings joy to the soul. We participate in the joy that Jesus left for us in exact proportion to our sacrifices for HIM.

You may have to sacrifice an ambition to build a larger business than your competitor in order to give the Lord Jesus more of your time. If so, make the sacrifice.

You may have to sacrifice the buying of a more elegant home, or a fine automobile, or a few acres of land, to give a few dollars, or hundreds, or thousands. If so, make the sacrifice!

Three Million Dollars Are Needed Now

to properly finance the work of the Lord Jesus in the Southern Presbyterian Church. You must not be a slacker. Each Church is expected to subscribe its full share of the amount.

Amounts Expected From Presbyterian Churches in the Chattanooga District and What They Gave Last Year.

	Amount Expected This Year.	Amount Given Last Year.
First Presbyterian	\$11,473.50	\$9,763.00
Central Presbyterian	3,412.50	1,853.00
Lookout Mountain Presbyterian	972.00	647.00
Missionary Ridge Presbyterian	2,168.00	1,580.00
St. Elmo Presbyterian	319.00	270.00
Soddy Presbyterian	404.00	280.00

Don't Let It Be Your Church That Falls

A Stewardship covenant card will be given you at Church Sabbath morning. Take it home with you; go to your room, read it over carefully; get down on your knees and ask God what is your duty. Listen when God tells you. Have the manhood to do it. ACT!
